

SUPPLEMENTAL LAB
UNIT B
TRASH CAN BASKETBALL

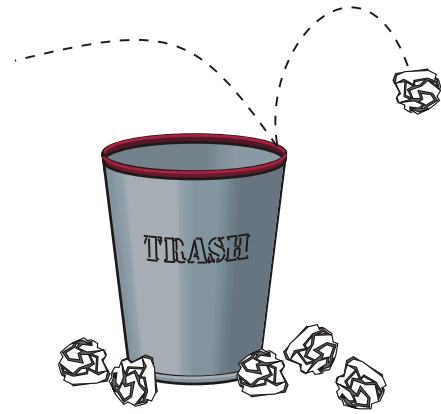

Equipment: Trash Can
Scrap Paper
Calculator

Given: You are trying out for the paper wad throwing team. You will throw five paper wads per round at the trash can and record your hits and misses.

- Find:**
- A. The percentage of shots made.
 - B. The percentage of shots missed.
 - C. The totals for your group.
 - D. The projected shots made for 25 shots.
 - E. The projected shots made for 75 shots.
 - F. The 5 member dream team you would pick from the class results. Explain how you decided on your picks.

- Directions:**
1. Throw five wads at the can and record your results.
 2. Record the results for the rest of your group.
 3. Calculate your individual statistics.
 4. Project your results for 25 and 75 shots.
 5. Pick your team from the class results and justify your answer.
